Selection methods:

Shortlisted candidates will be invited to a formal panel interview, and also asked to deliver a teaching session to the following brief:

Please deliver a 20 minute teaching session to a small group of Level 5 students. You are asked to teach the students Tendon Rehabilitation (at any stage of the rehabilitation process you wish) drawing from the current evidence-base. The students have undertaken examination and assessment, general rehabilitation and anatomy before this session. You will have access to a computer and data projector, plinths, space and a small group of second year students. Please let us know if you require any other resources.

This will be followed by 5 minutes of questions.

You will be given time after the teaching session to change clothes if required for the formal interview.
