| <p><b>Main Duties*:</b></p> <ol style="list-style-type: none"> <li>1. Lead the development and delivery of science content across all years of the MPharm programme.</li> <li>2. Ensure the integration of science and practice in line with GPhC Initial Education and Training Standards (2021).</li> <li>3. Contribute to the design of innovative, research-informed teaching, learning, and assessment strategies.</li> <li>4. Collaborate with clinical and practice colleagues to ensure a cohesive and interdisciplinary curriculum.</li> <li>5. Support the School's accreditation journey through curriculum mapping, documentation, and engagement with GPhC processes.</li> <li>6. Provide academic leadership and mentorship to MPharm staff.</li> <li>7. Engage in research and / or scholarly activity in pharmaceutics, pharmaceutical technology, or pharmacy education.</li> <li>8. Contribute to the strategic development of the School and its academic portfolio.</li> <li>9. To contribute to learning and teaching on Doctoral, Masters and Undergraduate courses within the School as appropriate.</li> <li>10. Represent the School at national and international forums related to pharmacy science.</li> <li>11. Contribute to the wider strategic development of the School and University.</li> </ol> |                                                                                                                                                    |

12. Maintain personal and professional development to meet the changing demands of the job; participate in appropriate training activities and encourage and support staff in their development and training.
13. Take steps to ensure and enhance personal health, safety, and well-being and that of other staff and students.
14. Carry out these duties in a manner that promotes equality of opportunity and supports diversity and inclusion and takes into account the University's commitment to environmentally sustainable ways of working.

\*The above does not represent an exhaustive list of duties associated with this role.

**Selection methods:**

Shortlisted candidates will be invited to a formal panel interview, and also asked to deliver a teaching session to the following brief:

*Presentation:*

Please deliver a 20-minute presentation outlining your plans for developing the science curriculum for the MPharm at University of Worcester.

*Teaching session:*

Please facilitate a 30-minute interactive teaching session on a pharmaceuticals topic of your choice, suitable for Level 4 undergraduate MPharm students.

For the purposes of this teaching session, you should assume the audience are Level 4 undergraduate students.

Please note, the presentation and teaching session will take place on campus on Day 1 of the selection process, with successful candidates at that stage progressing to the formal panel interview on Day 2.
