

JOB DESCRIPTION

Job Title: Clinical Teaching Fellow (Anatomy, Physiology and Clinical Skills)	Band CL1: £48,309 to £56,763 per annum pro rata
School: Three Counties Medical School	
Department: MBChB Programme	
Reporting directly to: Principal Lecturer in Anatomy	
Other Contacts Internal: Other Clinical Teaching Fellows, academic and clinical academic staff on the MBChB and Physician Associate Programmes, MBChB Phase 1 Lead, MBChB Programme Lead, School professional services staff, technical staff External: NHS Trusts, partner institutions, other HEIs, student placement providers, regulators	
Main Duties*: 1. To work with colleagues in Three Counties Medical School, across all pre-registration courses, to organise, design and deliver teaching and assessment. This will include designing and facilitating interactive learning experiences for medical students under the supervision of the leads for clinical skills, physiology and anatomy, specifically for the resource carousel, procedural skills and including Integrated clinical method (ICM) and SIM / IPL as required. 2. To deliver podcasts, lectures, classes and seminars and facilitate small group work in core and specialist subjects as required with due regard to best practice and the School's overall teaching strategy. 3. To contribute to and support the inclusion and diversity agenda within curricula. 4. To make innovations in teaching and learning through the development of teaching materials, forms of pedagogy, or appropriate teaching collaborations, including developing and delivering education to support specified outcomes of the MBChB and MSc Physician Associate programmes. 5. To liaise with lead academics throughout the curriculum in supporting the integration and application of core medical science alongside learning achieved through clinical placements. 6. To work with colleagues to develop and deliver the OSCE examinations through all years of the MBChB and MSc Physician Associate programmes. 7. As appropriate, to act as a Personal Academic Tutor, providing effective support to students, including referring to specialist services, as appropriate, and proactively identifying engagement issues at an early stage. 8. To contribute to a range of tutor training and staff development workshops to ensure the quality of teaching and support placement learning opportunities. 9. To undertake academic administration relevant to the needs of the post.	

10. To contribute to research and scholarly activity in medical education in collaboration with colleagues.
11. To participate in student recruitment activity.
12. Participate in staff development and appraisal processes.
13. Participate fully in the life of the School and carry out any other reasonable duties as requested by the Dean of the Medical School or their nominee.
14. Maintain personal and professional development to meet the changing demands of the job; participate in appropriate training activities and encourage and support staff in their development and training.
15. Take steps to ensure and enhance personal health, safety, and well-being and that of other staff and students.
16. Carry out these duties in a manner that promotes equality of opportunity and supports diversity and inclusion, that supports the University's duty to secure and promote freedom of speech within the law and takes into account the University's commitment to environmentally sustainable ways of working.

*The above does not represent an exhaustive list of duties associated with this role.

Additional information

There are 1.2 whole time equivalent posts available, which can be made up of part-time staff, combining University and clinical work, which will be discussed and agreed with the successful candidates. Posts are offered on the University Clinical Lecturer PayScale contract, which includes the opportunity to remain in the NHS Pension Scheme for this appointment for which applicants must also maintain some clinical work.
